

Nomination AdCo

Status: Decisionmaking

Dear GMA,

Last year, this body – the Administration Committee – was established to support the Vice-Chair. We have now succeeded in finding enthusiastic people who are keen to serve on it, so we are pleased to present the nominations for the AdCo.

With comradely regards,

B81

Paula Eikelboom

Hi everyone,

I'm Paula, former vice-chair of 22|23, and I'd love to join the AdCo! During my time on the executive committee, I gained a lot of experience with payroll administration, and I'm naturally good at checking things – which is something I'll mainly be doing in the AdCo. I understand how payroll works and how important it is that things like contracts are properly maintained and documented. I enjoy socialising, have over five years' experience with ASVA, have had plenty of contact with various organisations, and have a good grasp of how they operate.

I would like to use all this experience and my passion for the trade union to strengthen the AdCo and support the incoming executive committee.

I hope I can count on your trust. Kind regards,

Enora Segeren

My name is Enora, I'm 27 years old, and last year I served as a general board member at the LSVb. In that role, I was responsible for the Human Resources portfolio, which meant I frequently had to deal with the student union's payroll administration. I've also had to correct plenty of errors in the records, and I know how important it is to work meticulously to ensure everyone receives the pay they deserve. I would like to use this experience in the coming years to help ASVA with checking the payroll records.
